

BUTLERIB® II WALL SYSTEM

When you need versatility and value in one dependable wall solution, this is it. Designed for lasting performance and a clean, modern appearance, it installs quickly and integrates seamlessly with Butler building systems. From commercial to industrial to agricultural applications, it delivers proven reliability and enduring appeal — making it one of the most trusted wall systems in North America .

KEY BENEFITS

- **Faster Construction**
Factory-punched panels improve accuracy and reduce labor time.
- **Consistent Appearance**
Deep corrugation and premium finishes create a clean, uniform façade.
- **Lower Maintenance Needs**
Butler-Cote finish reduces fading and repainting over time.
- **Flexible Design Options**
Compatible with Butler systems across a range of building types.

PRODUCT FEATURES

- 1. 1 ½" Deep Corrugation**
Provides panel strength and a clean, uniform architectural profile.
- 2. Factory-Punched Panel**
Allows for faster and more accurate installation.
- 3. 36" Panel Widths**
Support efficient coverage and minimizes panel joints.
- 4. Optional Scrubolt™ Fasteners**
Provide double pullout strength to support applications that require enhanced fastening performance.
- 5. Durable Finishes**
ButlerCote™ Finish System with our Kynar 500® or Hylar 5000® coatings deliver durable finish performance backed by a 25-year warranty.
